MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of May, the Department of Human Services received 3,752 applications for Aid to Families with Dependent Children, a decrease of 355 (8.6 percent) from the number received during April. In comparison with the number of applications received during May of the preceding year, there was an increase of 20 applications (0.5 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,235 AFDC applications during May. This number was 68.4 percent of the total applications on hand. It compares with 64.8 percent of the total number on hand for which investigations were completed during the preceding month and 62.9 percent for which investigations were completed during the same month of the preceding year. Two thousand eight hundred and twenty-seven (66.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during May, in comparison with 2,967 applicants (66.2 percent of those investigated) approved the preceding month and 2,521 applicants (66.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 4.7 percent from the number approved in April, but an increase of 12.1 percent over the number approved in May 1985. The rate of approvals for the AFDC Program increased over the preceding month by 0.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during May amounted to $7,420,132.00. This was a decrease of 0.8 percent from the amount of money payments for April, but an increase of 9.3 percent over the money payments for May of the preceding year. Payments were made for 56,874 families with 105,384 children at an average grant of $130.47 per family and $70.41 per child. The average grant decreased from April by $0.53 per family and $0.26 per child. In comparison with the same month of last year, the average grant showed an increase of $14.46 per family and an increase of $4.57 per child.

CASES CLOSED

One thousand nine hundred and forty AFDC cases were closed during May, a decrease of 8.3 percent from the April closures. In comparison with the same month of the preceding year, the closures showed an increase of 20.9 percent. Three hundred and nineteen (16.4 percent) of the AFDC cases closed during May were closed because of a change in economic circumstances, chiefly employment or benefits/pensions increased making these cases no longer in need in accordance with the standards of the Department. One thousand six hundred and twenty-one (83.6 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of June, the Department of Human Services received 3,754 applications for Aid to Families with Dependent Children, an increase of 2 (0.1 percent) over the number received during May. In comparison with the number of applications received during June of the preceding year, there was an increase of 128 applications (3.5 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,209 AFDC applications during June. This number was 73.8 percent of the total applications on hand. It compares with 68.4 percent of the total number on hand for which investigations were completed during the preceding month and 63.2 percent for which investigations were completed during the same month of the preceding year. Two thousand eight hundred and thirty-one (67.3 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 2,827 applicants (66.8 percent of those investigated) approved the preceding month and 2,554 applicants (69 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 0.1 percent over the number approved in May, and an increase of 10.8 percent over the number approved in June 1984. The rate of approvals for the AFDC Program increased over the preceding month by 0.5 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.7 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during June amounted to $7,364,473.00. This was a decrease of 0.8 percent from the amount of money payments for May, but an increase of 9.4 percent over the money payments for June of the preceding year. Payments were made for 56,561 families with 104,856 children at an average grant of $130.20 per family and $70.23 per child. The average grant decreased from May by $0.27 per family and $0.18 per child. In comparison with the same month of last year, the average grant showed an increase of $14.37 per family and an increase of $4.50 per child.

CASES CLOSED

Two thousand two hundred and thirty-five AFDC cases were closed during June, an increase of 15.2 percent over the May closures. In comparison with the same month of the preceding year, the closures showed a decrease of 11.3 percent. Three hundred and seventy-six (16.8 percent) of the AFDC cases closed during June were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand eight hundred and fifty-nine (83.2 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

Of this number, 478 were Medically Needy Women and Children, 445 were Aged persons applying for Categorically Needy, 2 were applications for Blind Categorically Needy, 442 were for Disabled Categorically Needy, and 695 were Women and Children's applications as Categorically Needy.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of July, the Department of Human Services received 4,147 applications for Aid to Families with Dependent Children, an increase of 393 (10.5 percent) over the number received during June. In comparison with the number of applications received during July of the preceding year, there was a decrease of 668 applications (13.9 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 4,831 AFDC applications during July. This number was 85.6 percent of the total applications on hand. It compares with 73.8 percent of the total number on hand for which investigations were completed during the preceding month and 60.9 percent for which investigations were completed during the same month of the preceding year. Three thousand three hundred and four (68.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during July, in comparison with 2,831 applicants (67.3 percent of those investigated) approved the preceding month and 2,817 applicants (66.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 16.7 percent over the number approved in June, and an increase of 17.3 percent over the number approved in July 1984. The rate of approvals for the AFDC Program increased over the preceding month by 1.1 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during July amounted to $8,040,661.00. This was an increase of 9.2 percent over the amount of money payments for June, and an increase of 11.4 percent over the money payments for July of the preceding year. Payments were made for 56,625 families with 104,933 children at an average grant of $142.00 per family and $76.63 per child. The average grant increased over June by $11.[illegible] per family and $6.40 per child. In comparison with the same month of last year, the average grant showed an increase of $17.52 per family and an increase of $6.10 per child.

CASES CLOSED Two thousand two hundred and forty-seven AFDC cases were closed during July, an increase of 0.5 percent over the June closures. In comparison with the same month of the preceding year, the closures showed a decrease of 5.8 percent. Three hundred and forty-four (15.3 percent) of the AFDC cases closed during July were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand nine hundred and three (84.7 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of August, the Department of Human Services received 8,467 applications for Aid to Families with Dependent Children, an increase of 4,320 (104.2 percent) over the number received during July. In comparison with the number of applications received during August of the preceding year, there was an increase of 3,763 applications (80 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,630 AFDC applications during August. This number was 49.9 percent of the total applications on hand. It compares with 85.6 percent of the total number on hand for which investigations were completed during the preceding month and 60.9 percent for which investigations were completed during the same month of the preceding year. Three thousand and forty-eight (65.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during August, in comparison with 3,304 applicants (68.4 percent of those investigated) approved the preceding month and 3,031 applicants (67 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 7.7 percent from the number approved in July, but an increase of 0.6 percent over the number approved in August, 1984. The rate of approvals for the AFDC Program decreased from the preceding month by 2.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during August amounted to $8,101,772. This was an increase of 0.8 percent over the amount of money payments for July, and an increase of 11.8 percent over the money payments for August of the preceding year. Payments were made for 56,846 families with 105,544 children at an average grant of $142.52 per family and $76.76 per child. The average grant increased over July by $0.52 per family and $0.13 per child. In comparison with the same month of last year, the average grant showed an increase of $17.48 per family and an increase of $6.04 per child.

CASES CLOSED

Two thousand one hundred and thirty-one AFDC cases were closed during August, a decrease of 0.8 percent from the July closures. In comparison with the same month of the preceding year, the closures showed a decrease of 11.7 percent. Three hundred and twenty (15 percent) of the AFDC cases closed during July were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand eight hundred and eleven (85 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of September, the Department of Human Services received 6,160 applications for Aid to Families with Dependent Children, a decrease of 2,307 (27.2 percent) from the number received during August. In comparison with the number of applications received during September of the preceding year, there was an increase of 1,419 applications (29.9 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,992 AFDC applications during September. This number was 46.2 percent of the total applications on hand. It compares with 49.9 percent of the total number on hand for which investigations were completed during the preceding month and 60.7 percent for which investigations were completed during the same month of the preceding year. Three thousand two hundred and twenty-five (64.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during September, in comparison with 3,048 applicants (65.8 percent of those investigated) approved the preceding month and 3,054 applicants (65.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 5.8 percent over the number approved in August, and an increase of 5.6 percent over the number approved in September 1984. The rate of approvals for the AFDC Program decreased from the preceding month by 1.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during September amounted to $8,169,492. This was an increase of 0.8 percent over the amount of money payments for August, and an increase of 12.8 percent over the money payments for September of the preceding year. Payments were made for 57,164 families with 106,359 children at an average grant of $142.91 per family and $76.81 per child. The average grant increased over August by $0.39 per family and $0.05 per child. In comparison with the same month of last year, the average grant showed an increase of $17.68 per family and an increase of $6.06 per child.

CASES CLOSED

Two thousand one hundred and eighty-seven AFDC cases were closed during September, an increase of 2.6 percent over the August closures. In comparison with the same month of the preceding year, the closures showed a decrease of 15.4 percent. Three hundred and seven (14 percent) of the AFDC cases closed during September were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand one hundred and eighty (86 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of October, the Department of Human Services received 4,613 applications for Aid to Families with Dependent Children, a decrease of 1,547 (25.1 percent) from the number received during September. In comparison with the number of applications received during October of the preceding year, there was a decrease of 33 applications (0.7 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,313 AFDC applications during October. This number was 50.9 percent of the total applications on hand. It compares with 46.2 percent of the total number on hand for which investigations were completed during the preceding month and 63.2 percent for which investigations were completed during the same month of the preceding year. Three thousand three hundred and sixty-eight (63.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during October, in comparison with 3,225 applicants (64.6 percent of those investigated) approved the preceding month and 3,125 applicants (64.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 4.4 percent over the number approved in October, and an increase of 7.8 percent over the number approved in October 1984. The rate of approvals for the AFDC Program decreased from the preceding month by 1.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.3 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during October amounted to $8,198,449. This was an increase of 0.4 percent over the amount of money payments for September, and an increase of 12.8 percent over the money payments for October of the preceding year. Payments were made for 57,176 families with 106,301 children at an average grant of $143.39 per family and $77.12 per child. The average grant increased over September by $0.48 per family and $0.31 per child. In comparison with the same month of last year, the average grant showed an increase of $17.62 per family and an increase of $6.53 per child.

CASES CLOSED

Two thousand three hundred and eighty-six AFDC cases were closed during October, an increase of 9.1 percent over the September closures. In comparison with the same month of the preceding year, the closures showed a decrease of 6.2 percent. Three hundred and seventy-three (15.6 percent) of the AFDC cases closed during October were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand and thirteen (84.4 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of November, the Department of Human Services received 4,737 applications for Aid to Families with Dependent Children, an increase of 124 (2.7 percent) over the number received during October. In comparison with the number of applications received during November of the preceding year, there was a decrease of 179 applications (8.6 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,806 AFDC applications during November. This number was 48.8 percent of the total applications on hand. It compares with 50.9 percent of the total number on hand for which investigations were completed during the preceding month and 65.1 percent for which investigations were completed during the same month of the preceding year. Three thousand one hundred and seventy-nine (66.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during November, in comparison with 3,368 applicants (63.4 percent of those investigated) approved the preceding month and 3,554 applicants (70.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 5.6 percent from the number approved in October, and a decrease of 10.6 percent from the number approved in November 1984. The rate of approvals for the AFDC Program increased over the preceding month by 2.7 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 4.5 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during November amounted to $8,220,861. This was an increase of 0.3 percent over the amount of money payments for October, and an increase of 15 percent over the money payments for November of the preceding year. Payments were made for 57,444 families with 106,852 children at an average grant of $143.11 per family and $76.94 per child. The average grant decreased from October by $0.28 per family and $0.18 per child. In comparison with the same month of last year, the average grant showed an increase of $15.21 per family and an increase of $7.75 per child.

CASES CLOSED

Two thousand two hundred and fifty-four AFDC cases were closed during November, a decrease of 5.5 percent from the October closures. In comparison with the same month of the preceding year, the closures showed a decrease of 28 percent. Three hundred and seventy (16.4 percent) of the AFDC cases closed during November were closed because of a change in economic circumstances, chiefly employment and increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand eight hundred and eighty-four (83.6 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of December, the Department of Human Services received 4,272 applications for Aid to Families with Dependent Children, a decrease of 465 (9.8 percent) from the number received during November. In comparison with the number of applications received during December of the preceding year, there was a decrease of 277 applications (6.1 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,278 AFDC applications during December. This number was 45.9 percent of the total applications on hand. It compares with 48.8 percent of the total number on hand for which investigations were completed during the preceding month and 70.5 percent for which investigations were completed during the same month of the preceding year. Three thousand and eighty-six (72.1 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during December, in comparison with 3,179 applicants (66.1 percent of those investigated) approved the preceding month and 3,633 applicants (71.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 2.9 percent from the number approved in November, and a decrease of 15.1 percent from the number approved in December 1984. The rate of approvals for the AFDC Program increased over the preceding month by 6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during December amounted to $8,237,553. This was an increase of 0.2 percent over the amount of money payments for November, and an increase of 13.6 percent over the money payments for December of the preceding year. Payments were made for 57,690 families with 107,095 children at an average grant of $142.79 per family and $76.92 per child. The average grant decreased from November by $0.32 per family and $0.02 per child. CASES CLOSED

Two thousand and thirty-nine AFDC cases were closed during December, a decrease of 9.5 percent from the November closures. In comparison with the same month of the preceding year, the closures showed a decrease of 2.9 percent. Three hundred and nine (15.2 percent) of the AFDC cases closed during December were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand seven hundred and thirty (84.8 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of January, the Department of Human Services received 4,910 applications for Aid to Families with Dependent Children, an increase of 638 (14.9 percent) over the number received during December. In comparison with the number of applications received during January of the preceding year, there was an increase of 655 applications (15.4 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,491 AFDC applications during January. This number was 47.3 percent of the total applications on hand. It compares with 45.9 percent of the total number on hand for which investigations were completed during the preceding month and 63.8 percent for which investigations were completed during the same month of the preceding year. Two thousand nine hundred and fifty-nine (65.9 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during January, in comparison with 3,086 applicants (72.1 percent of those investigated) approved the preceding month and 2,609 applicants (64 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 4.1 percent from the number approved in December, but an increase of 13.4 percent over the number approved in January 1985. The rate of approvals for the AFDC Program decreased from the preceding month by 6.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.9 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during January amounted to $8,282,720. This was an increase of 0.5 percent over the amount of money payments for December, and an increase of 14.4 percent over the money payments for January of the preceding year. Payments were made for 58,016 families with 107,937 children at an average grant of $142.77 per family and $76.74 per child. The average grant decreased from December by $0.02 per family and $0.18 per child. In comparison with the same month of last year, the average grant showed an increase of $14.45 per family and an increase of $7.54 per child.

CASES CLOSED

One thousand eight hundred and forty-seven AFDC cases were closed during January, a decrease of 9.4 percent from the December closures. In comparison with the same month of the preceding year, the closures showed a decrease of 14.5 percent. Two hundred and eighty-eight (15.6 percent) of the AFDC cases closed during January were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and fifty-nine (84.4 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or moved and cannot locate.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of February, the Department of Human Services received 4,374 applications for Aid to Families with Dependent Children, a decrease of 536 (10.9 percent) from the number received during January. In comparison with the number of applications received during February of the preceding year, there was an increase of 768 applications (21.3 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,490 AFDC applications during February. This number was 47.8 percent of the total applications on hand. It compares with 47.3 percent of the total number on hand for which investigations were completed during the preceding month and 60.7 percent for which investigations were completed during the same month of the preceding year. Two thousand nine hundred and eighty-five (66.5 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February, in comparison with 2,959 applicants (65.9 percent of those investigated) approved the preceding month and 2,384 applicants (66.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 0.9 percent over the number approved in January, and an increase of 25.2 percent over the number approved in February 1985. The rate of approvals for the AFDC Program increased over the preceding month by 0.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during February amounted to $8,339,604. This was an increase of 0.7 percent over the amount of money payments for January, and an increase of 15 percent over the money payments for February of the preceding year. Payments were made for 58,534 families with 108,600 children at an average grant of $142.47 per family and $76.79 per child. The average grant decreased from January by $0.30 per family but increased $0.05 per child. In comparison with the same month of last year, the average grant showed an increase of $14.27 per family and an increase of $7.61 per child.

CASES CLOSED

One thousand eight hundred and twenty-three AFDC cases were closed during February, a decrease of 1.3 percent from the January closures. In comparison with the same month of the preceding year, the closures showed an increase of 1.7 percent. Two hundred and fifty-three (13.9 percent) of the AFDC cases closed during February were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and seventy (86.1 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or moved and cannot locate.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of March, the Department of Human Services received 4,916 applications for Aid to Families with Dependent Children, an increase of 542 (12.4 percent) over the number received during February. In comparison with the number of applications received during March of the preceding year, there was an increase of 27 applications (0.6 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,029 AFDC applications during March. This number was 51.3 percent of the total applications on hand. It compares with 47.8 percent of the total number on hand for which investigations were completed during the preceding month and 61.1 percent for which investigations were completed during the same month of the preceding year. Three thousand two hundred and thirty nine (64.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 2,985 applicants (66.5 percent of those investigated) approved the preceding month and 2,976 applicants (67.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 8.5 percent over the number approved in February, and an increase of 8.8 percent over the number approved in March 1985. The rate of approvals for the AFDC Program decreased from the preceding month by 2.1 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 3.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during March amounted to $8,465,059.00. This was an increase of 1.5 percent over the amount of money payments for February, and an increase of 13.1 percent over the money payments for March of the preceding year. Payments were made for 59,215 families with 109,702 children at an average grant of $142.95 per family and $77.16 per child. The average grant increased over February by $0.48 per family and $0.37 per child. In comparison with the same month of last year, the average grant showed an increase of $11.84 per family and an increase of $6.45 per child.

CASES CLOSED

One thousand eight hundred and three AFDC cases were closed during March, a decrease of 1.1 percent from the February closures. In comparison with the same month of the preceding year, the closures showed an increase of 5.3 percent. Two hundred and ninety-four (16.3 percent) of the AFDC cases closed during March were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand five hundred and nine (83.7 percent of the total number closed had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of April, the Department of Human Services received 4,470 applications for Aid to Families with Dependent Children, a decrease of 446 (9.1 percent) from the number received during March. In comparison with the number of applications received during April of the preceding year, there was an increase of 363 applications (8.8 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,752 AFDC applications during April. This number was 51.4 percent of the total applications on hand. It compares with 51.3 percent of the total number on hand for which investigations were completed during the preceding month and 64.8 percent for which investigations were completed during the same month of the preceding year. Three thousand and thirty seven (63.9 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during April, in comparison with 3,239 applicants (64.4 percent of those investigated) approved the preceding month and 2,967 applicants (66.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 6.2 percent from the number approved in March, but an increase of 2.4 percent over the number approved in April 1985. The rate of approvals for the AFDC Program decreased from the preceding month by 0.5 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 2.3 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during April amounted to $8,451,347.00. This was a decrease of 0.2 percent from the amount of money payments for March, but an increase of 13 percent over the money payments for April of the preceding year. Payments were made for 59,319 families with 109,920 children at an average grant of $142.47 per family and $76.89 per child. The average grant decreased from March by $0.48 per family and $0.27 per child. In comparison with the same month of last year, the average grant showed an increase of $11.47 per family and an increase of $6.22 per child.

CASES CLOSED

Two thousand two hundred and twenty-five AFDC cases were closed during April, an increase of 23.4 percent over the March closures. In comparison with the same month of the preceding year, the closures showed an increase of 5.2 percent. Three hundred and fifty-one (15.8 percent) of the AFDC cases closed during April were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand eight hundred and seventy-four (84.2 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

TENNESSEE DEPARTMENT OF HUMAN SERVICES

STATISTICS

MAY 1986

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of May, the Department of Human Services received 4,628 applications for Aid to Families with Dependent Children, an increase of 158 (3.5 percent) over the number received during April. In comparison with the number of applications received during May of the preceding year, there was an increase of 876 applications (22.3 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,504 AFDC applications during May. This number was 49.3 percent of the total applications on hand. It compares with 51.4 percent of the total number on hand for which investigations were completed during the preceding month and 68.4 percent for which investigations were completed during the same month of the preceding year. Two thousand nine hundred and forty (65.3 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during May, in comparison with 3,037 applicants (63.9 percent of those investigated) approved the preceding month and 2,827 applicants (66.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 3.2 percent from the number approved in April, but an increase of 4 percent over the number approved in May 1985. The rate of approvals for the AFDC Program increased over the preceding month by 1.4 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.5 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during May amounted to $8,457,848.00. This was an increase of 0.1 percent over the amount of money payments for April and an increase of 14 percent over the money payments for May of the preceding year. Payments were made for 59,476 families with 109,705 children at an average grant of $142.21 per family and $77.10 per child. The average grant decreased from April by $0.26 per family but increased $0.21 per child. In comparison with the same month of last year, the average grant showed an increase of $11.74 per family and an increase of $6.69 per child.

CASES CLOSED

Two thousand one hundred and thirteen AFDC cases were closed during May, a decrease of 5 percent from the April closures. In comparison with the same month of the preceding year, the closures showed an increase of 8.9 percent. Three hundred and ninety one (18.5 percent) of the AFDC cases closed during May were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand seven hundred and twenty-two (81.5 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

There were 1,432 Medically Needy approvals, 608 Aged Categorically Needy approvals, 2 Blind Categorically Needy, 233 Disabled Categorically Needy, and 474 Women and Children's applications approved as Categorically Needy. At the end of May, the workers in the Department had 5,287 applications which had not been disposed of and were pending to next month. The total pending was made up of 2,563 Medically Needy applications and for Categorically Needy 1,198 were Aged, 3 were Blind, 1,026 were Disabled, and 497 were Women and Children.

CERTIFICATION CASES

At the end of April, there were 6,193 income certification cases continued to next month. These cases, added to the 247 new cases for May, made a total active caseload of 6,440. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of June, the Department of Human Services received 4,830 applications for Aid to Families with Dependent Children, an increase of 202 (4.4 percent) over the number received during May. In comparison with the number of applications received during June of the preceding year, there was an increase of 1,076 applications (28.7 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 4,152 AFDC applications during June. This number was 43.9 percent of the total applications on hand. It compares with 49.3 percent of the total number on hand for which investigations were completed during the preceding month and 73.8 percent for which investigations were completed during the same month of the preceding year. Two thousand seven hundred and twenty-four (65.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 2,940 applicants (65.3 percent of those investigated) approved the preceding month and 2,831 applicants (67.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 7.3 percent from the number approved in May, and a decrease of 3.8 percent from the number approved in June 1985. The rate of approvals for the AFDC Program increased over the preceding month by 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.7 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during June amounted to $8,395,824.00. This was a decrease of 0.7 percent from the amount of money payments for May, but an increase of 14 percent over the money payments for June of the preceding year. Payments were made for 59,288 families with 109,361 children at an average grant of $141.61 per family and $76.77 per child. The average grant decreased from May by $0.60 per family and $0.33 per child. In comparison with the same month of last year, the average grant showed an increase of $11.41 per family and an increase of $6.54 per child.

CASES CLOSED Two thousand three hundred and twenty-nine AFDC cases were closed during June, an increase of 10.2 percent over the May closures. In comparison with the same month of the preceding year, the closures showed an increase of 4.2 percent. Four hundred and thirteen (17.7 percent) of the AFDC cases closed during June were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand nine hundred and sixteen (82.3 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of August, the Department of Human Services received 4,997 applications for Aid to Families with Dependent Children, a decrease of 103 (2 percent) from the number received during July. In comparison with the number of applications received during August of the preceding year, there was a decrease of 3,470 applications (41 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,867 AFDC applications during August. This number was 46.8 percent of the total applications on hand. It compares with 48.1 percent of the total number on hand for which investigations were completed during the preceding month and 49.9 percent for which investigations were completed during the same month of the preceding year. Three thousand one hundred and forty-five (64.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during August, in comparison with 3,229 applicants (44.5 percent of those investigated) approved the preceding month and 3,048 applicants (65.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 2.6 percent from the number approved in July, but an increase of 3.2 percent over the number approved in August 1985. The rate of approvals for the AFDC Program increased over the preceding month by 20.1 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during August amounted to $8,664,271.00. This was an increase of 0.8 percent over the amount of money payments for July, and an increase of 6.9 percent over the money payments for August of the preceding year. Payments were made for 59,830 families with 110,368 children at an average grant of $144.81 per family and $78.50 per child. The average grant increased over July by $0.12 per family and $0.02 per child. In comparison with the same month of last year, the average grant showed an increase of $2.29 per family and an increase of $1.74 per child.

CASES CLOSED

Two thousand four hundred and forty-eight AFDC cases were closed during August, an increase of 5 percent over the July closures. In comparison with the same month of the preceding year, the closures showed an increase of 14.9 percent. Four hundred and fifteen (17 percent) of the AFDC cases closed during August were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand and thirty-three (83 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
